Dear General Walters:

To save you delving into your files, I attach your letter to me. This letter was so very appreciated that I would like to see much more of you.

This letter however is very urgent, if you wish to go along, because it is an original idea to save N.Y. City.

It is urgent because, if you wish to help, it must be done in haste, and I could have no way in this time, to get it to the President.

Perhaps you could get this message to President Ford for me.

Most sincerely,

the benefit of your views and I am most appreciative.
